	APPROVAL OF STATE ENGINEER
	This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the
ri pl re two mu st ac me Cor	This permit is issued subject to existing rights. It is understood that the ount of water herein granted is only a temporary allowance and that the final water ght obtained under this permit will be dependent upon the amount of water actually aced to beneficial use. It is also understood that this right must allow for a asonable lowering of the static water level. This well shall be equipped with a o (2) inch opening for measuring depth to water. If the well is flowing, a valve st be installed and maintained to prevent waste. A totalizing meter must be insalled and maintained in the discharge pipeline near the point of diversion and curate measurements must be kept of water placed to beneficial use. The totalizing ter must be installed before any use of water begins or before the Proof of mpletion of Work is filed. This Permit does not extend the permittee the right of ingress and egress on blic, private or corporate lands. The issuance of this permit does not waive the requirements that the permit lder obtain other permits from State, Federal and local agencies.
The	amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and
	o exceed 0.5 cubic feet per second but not to exceed 0.73
mi	llion gallons annually
Wor	k must be prosecuted with reasonable diligence and be completed on or before
Proc	of of completion of work shall be filed on or before
App	lication of water to beneficial use shall be made on or before
Proc	of of the application of water to beneficial use shall be filed on or beforeJune 8, 1990
_	in support of proof of beneficial use shall be filed on or before
